

Mark Bettin
Vice President Engineering/Sustainability
TheMART Manager LLC

Mark Bettin is the Vice President Engineering/Sustainability for TheMART Manager LLC, a Vornado Realty Trust company. Bettin is responsible for assisting the operation and construction departments at TheMART with a focus on increasing value to the asset through efficient and safe operations.

He manages the utilities and handles the acquisition of electricity and natural gas. Over the past decade Bettin has played an integral part in the USGBC LEED certifications at TheMART including the building's LEED EBOM Gold recertification in 2013. Bettin has been with The Mart since 1993, is a member of USGBC-Illinois Chapter, a 20 year member of ASHRAE and participates in the ASHRAE Certification committee.
