LogiSon Acoustic Network

Sound masking is a reliable and cost-effective method of providing speech privacy and noise control. The LogiSon Acoustic Network is a recognized industry leader with numerous awards for innovation, performance and ease of use. Small zones allow the masking sound to be customized for each facility. Networked control facilitates setup and takes the headaches out of making changes after moving furniture or personnel. Adjustments can be made in minutes, without opening the ceiling or altering cabling. Such a high degree of flexibility maximizes the masking's effectiveness and occupant comfort, helping to safeguard your most valuable investment: employees.
