

What is IFMA?

The International Facility Management Association was founded in 1980 to support the growing educational, informational and networking needs of facility management professionals. Today, IFMA represents 24,000 members in 104 countries.

As the globally recognized resource for facility management, IFMA exists to guide and develop the FM practice worldwide. IFMA supports FM professionals by providing exceptional services, products, benefits and opportunities, including educational courses, credentialing, government relations, professional/leadership development, industry research and standards development.

IFMA resources serve to strengthen facility professionals' knowledge, skills and networks. IFMA connects the FM community globally, locally, online and in person through chapters, councils, communities, social media, the FM Marketplace and events held year-round.

What is facility management?

Facility management is a profession that encompasses multiple disciplines to ensure functionality of the built environment by integrating people, place, process and technology.

The profession's core competencies represent the areas of responsibility for which an FM oversees:

- Communication
- Emergency Preparedness and Business Continuity
- Environmental Stewardship and Sustainability
- Finance and Business
- Human Factors
- Leadership and Strategy
- Operations and Maintenance Project Management
- Quality
- Real Estate and Property Management
- Technology

IFMA™

International Facility Management Association

Empowering Facility Professionals Worldwide

The world's largest and most widely recognized international association for facility management professionals.

IFMA:

Learn. Connect. Advance.™

When you join the International Facility Management Association, you become a part of a global community of like-minded professionals. For more than three decades, IFMA has provided FMs with education, networking, support, and endless opportunities for professional and personal growth. IFMA's vast resources can help you:

Expand Your Network

- Engage with FMs in your geographic region through local chapters
- Exchange best practices unique to your facility via industry-specific councils
- Gain a global perspective through the IFMA Alliance and Partners in FM Excellence

Enhance Your Professional Development

- Benefit from the most informative, well-researched FM courses available
- Stay on top of the latest technologies, trends and research in the field
- Improve facility performance and contribute to the bottom line

Advance Your Career

- Earn a globally recognized IFMA credential
- Increase your marketability and promote your value as an FM
- Gain a competitive advantage in the job market

Membership Is Tailored *to Your Needs*

Each membership category offers opportunities to learn, connect and advance based on your unique interests and objectives.

Professional Member*

Strengthen your skill set. Ensure high-performing facilities and teams. Exchange best practices with peers who share your commitment to excellence and the continued advancement of FM.

Young Professional Member

Under the age of 35? Young Professional membership is a valuable knowledge-, network- and career-builder for those just starting out. Elevate your professional profile.

Student Member

Jump start your career. Begin building your resume early. Connect with experienced professionals, get involved in local student chapters, and add IFMA courses to your curriculum at reduced rates.

Retired Member

Stay on top of advancements in the industry. Keep in touch with the IFMA community. Share your FM expertise, and continue contributing to the ever-growing knowledge base of the profession.

Associate Member

Those who market, represent, distribute or provide facility-related products and services can connect with FM professionals, build brand awareness and benefit from educational resources.

Corporate Sustaining Partnership

Companies that provide product and service solutions to FM professionals can strengthen their corporate profile among the world's largest FM audience and benefit from exclusive marketing opportunities.

*Professional membership is ideal for those transitioning to an FM career. Tap into IFMA's extensive knowledge and resources to learn more about your new field. The Facility Management Professional (FMP) credential program will help you get up to speed on FM core competencies. IFMA membership also benefits those who support other aspects of the workplace, such as security, IT, sustainability, engineering, architecture, design, real estate, human resources, food services, etc.

How Can You Benefit From IFMA Membership?

Whether you're interested in continuing education, local networking, industry news, knowledge sharing or other professional resources, IFMA can help you define your career path and meet your goals.
