

Collaborate to innovate.

IFMA's World Workplace

Your Facility Conference & Expo

Oct. 7-9, 2015 | **Denver, Colorado**

Experience

Every World Workplace experience is unique. We each get out of it what we put in; which is why together, we get so much more.

Get involved.

Community

As a professional community, our best resource is each other. We're made stronger by the knowledge and inspiration of our colleagues.

Get inspired.

Solutions

Everyone arrives at World Workplace in search of something. Whether it's a best practice, new skill, good advice or a great time with peers, we'll find it here.

Get informed.

The future of the workplace is ours to create.

Collaboration between all members of our community is key to our profession's rise as a career of choice. We have many resources at our fingertips; but in today's digital world, a swipe of the finger can't replace the handshake of a colleague.

Total immersion in the workplace.

IFMA's World Workplace Conference & Expo facilitates idea-sharing and knowledge-exchange between all professionals who support the work environment.

Beneficial synergy as a community.

Every conversation at World Workplace is an opportunity to add value to our positions and better support our facilities. Let's kick around, hammer out and arrive at:

- resourceful solutions to nagging facility challenges;
- achievable strategies that will get the attention of customers, supervisors and colleagues;
- the best products for handling facility snags, jams or nitty-gritties;
- fresh perspectives and a renewed outlook on our professional future.

Each of us is living a different FM story; but we're all on the same page.

Let's bring our issues and ideas to the table – let's Collaborate to Innovate this October.

- Better practices & products.** Compare processes and programs with colleagues. See the best "FM toys" from the leading names in facility-related solutions.
- Quality information.** Find out what's on trend and on the horizon for our profession from the globally recognized resource for facility management.
- More for less.** Acquire more strategies and professional contacts in less time and at a lower cost than searching for answers alone.
- Minimize risks; maintain competitiveness.** Stay up-to-date on industry standards, government mandates and the latest technologies.
- Questions answered; problems solved.** Sessions focus on practical application, not theory. Gain realistic techniques that can be put into practice immediately.

Registration is open at www.worldworkplace.org

The experience
begins at www.worldworkplace.org

Time away from the ordinary

to engage in the extraordinary.

Tuesday, Oct. 6

7 a.m. - 2:30 p.m.	Doug Underwood/Utilities Council of IFMA Golf Tournament @ Fossil Trace Golf Club
7 a.m. - 5 p.m.	Satellite Registration @ Hyatt Regency Denver
